

BREACHED 4.0

General Guidelines

- Breached 4.0 is an online cryptic hunt, open-to-all event, including both inhouse and outhouse participation.
- There are no eligibility requirements, this event is meant for fun as well as learning new skills, focus on those things rather than just winning.
- It is mandatory to have a laptop for the best experience. So it is advised to kindly use a laptop only, if you lack one, get it arranged at the earliest.
- No changes will be entertained in the registered participants, team, name of team, participants in a team
- If you haven't participated in cryptic hunts before, do research on ciphers.
- If you're decoding a cipher, try from multiple sites as it sometimes varies depending on the site. Output from one site can be incorrect while from other can be correct.
- In case any issue is spotted by any of the participants or team, they may contact the IEEE team immediately.
- Following platforms are considered the only official means of communication by the event organizers :
 - WhatsApp Group
 - Discord (link below)
